ACCESSIBILITY STATEMENT

Commitment to Accessibility Ashley Gutierrez Therapy, PLLC is committed to ensuring digital accessibility for all individuals, including those with disabilities. I am continually improving the user experience for everyone and applying the relevant accessibility standards to guarantee this website is welcoming, functional, and barrier-free.

Conformance Status The Web Content Accessibility Guidelines (WCAG) define requirements for designers and developers to improve accessibility for people with disabilities. This website strives to conform to WCAG 2.1 level AA standards. This means reasonable efforts are made to accommodate all users who utilize standards-compliant web browsers as well as enabling software or assistive devices.

American Sign Language (ASL) Accessibility True accessibility extends beyond digital navigation. Because I am fluent in American Sign Language (ASL), I am able to provide direct therapeutic services and consultations for Deaf and Hard of Hearing clients without the need for an interpreter. If you are seeking ASL-accessible therapy, please use the contact methods below to schedule an intake.
